34½ miles long.

## IN OUR OWN COUNTRY.

ed Nov. 2 at midnight, when President  
John G. Milburn pressed an electric  
button and the lights in the electric  
tower grew dim for the last time.

The Agricultural Department at  
Washington has just issued its esti-  
mate of the year's corn crop, showing  
a total yield in all the States of  
1,250,597,000 bushels. Of this Ne-  
braska produced 103,367,000 bushels,  
or more than one-tenth of the entire  
crop.

## COMMONWEALTH OF KENTUCKY.

Inez, Martin County, has been  
without municipal officers since elec-  
tion and will continue so to be until  
January 1902.

Adj't Gen. D. B. Murray, who has  
been in Madisonville lately looking  
into the mining troubles, Thursday  
afternoon telephoned the Governor  
recommending that troops again be  
sent to Hopkins County. The situa-  
tion is serious.

All bids for the construction of the  
public library in Covington were re-  
jected by the trustees at their meeting  
Friday evening. All the bids were  
too high. The trustees will not con-  
tract for more than \$75,000.

## TOOLS.

A young man desiring to do car-  
penter work must first have a kit of  
tools. We will assume that he has a  
few dollars and an earnest desire to  
learn mechanical work. The best  
thing he can do is to come to Berea  
and take the Carpenters' Trade  
Course, as his tools are furnished by  
the College, and his money may be  
used to pay his school fees and  
board; if able and industrious he can  
earn a large part of his expenses  
while attending classes. If for any  
reason it is impossible to do this it is  
the purpose of these papers to give  
the best possible instruction in car-  
pentry, teaching the construction of  
the various joints that are used in one  
form or another in making every-  
thing known to carpentry.

The young man who desires to  
learn something of carpentry, but  
cannot come to Berea, will need a  
few tools, and I will try to tell him  
how to spend his money to the best  
advantage. First and last, do not be  
deceived in buying cheap tools. A  
poor tool is a poor thing indeed, and  
above all things do not buy any of  
those tools advertised as "Youth's  
Tool Chest" and "Handy Carpenter's  
Kit," etc., as these tools are useless;  
why they should be purchased, even  
for children, I cannot understand, as  
the money is simply thrown away.  
Below I give a kit of tools that is  
indispensable, and which can be pur-  
chased from any dealer at about the  
prices quoted. I quote the prices of  
the best makes only.

Marshall Hammer No. 12	\$ .65
Royal Bit brace	.90
1/4, 1/2, 3/4, Jennings Bits	.40
20-in. cut-off saw, Disston	.45
8 teeth to the inch	1.25
24x16 in. steel square	.75
divided into 8ths, 16ths, 32ths	.75
One 15-in. jack plane, Bailey's iron	1.25
One 1-in. chisel, Riverdale	.30
One 5/16 in. chisel, Riverdale	.25
One 7/16 in. chisel, Riverdale	.25
One 2-in. rule	.10
	\$3.58

These are the most essential tools  
to begin with, and it is surprising  
to see how many kinds of work can  
be done with them. I will now give  
another list that may be added to the  
above, and will, with the first list,  
furnish enough tools to do anything  
in common work.

10-in. saw, Disston, 26 in. 6 teeth	\$1.25
Smooth plane, Bailey's iron	1.50
7-in. Trysquare, Stanley's	.20
2-in. Borel	.20
Compasses, S. W.	.25
1/4, 1/2, 3/4, 1-in. bits, Jennings	.40
1/4, 1/2, 3/4, 1-in. chisels, Riverdale	.87
	\$3.20

To these may be added for nice  
work a jointer plane, costing \$1.50;  
a block plane, costing \$1.00; 22-in.  
panel saw (11 teeth), \$1.15, in all  
\$3.65.

There are many other tools that are  
convenient and necessary for econom-  
ical work, but the above lists com-  
prise the indispensable tools in a  
carpenter's kit.

It is quite possible to buy tools of  
less expensive finish, and if made by  
reliable makers will usually answer  
quite satisfactorily. For instance,  
the bits may be Jennings's pattern,  
costing about 10 per cent less. A  
wooden-faced smoothing plane may  
be purchased for about 25cts. less.

A jointer is used for making joints  
in table tops, etc.; the panel saw  
is for fine work, and the block plane  
is used for planing across the end  
wood. In purchasing saws do not  
buy a saw that is too hard, a No. 8 is  
about right, as the teeth of a hard  
saw will break in setting.

This is the second of a series of papers by Mr.  
Chas. A. King, of Berea College, upon the  
teaching of mechanics. The next paper will  
treat of "How to Make Useful Tools."—Ed.

## Two Good Mottoes.

"Anything that interests a dozen  
people."

"Nothing I would not be glad to  
have my daughter read."

For 30 years and more the Ar-  
lington (Mass.) Advocate has been  
printed with unfailing regularity  
every week, the matter for each  
issue being prepared with the above  
mottoes clearly in mind.

The editor who for thirty years  
has followed the above course is a  
public benefactor and as strong a  
force for true righteousness as any  
minister of the gospel ordained or  
unordained.

## WILLIAM McKINLEY.

His Life and Work, by the Memorial  
Publishing Association.

We have made clubbing arrange-  
ments with The Chicago Inter Ocean  
for the sale with that paper and ours  
of one of the best memorial volumes  
issued, containing the life of our late  
lamented President, William McKin-  
ley.

The writer of the same was a life-  
long friend of his, a comrade in arms,  
his associate in Congress, was by his  
side before he closed his eyes in  
death, and attended the funeral obse-  
quies at Buffalo, Washington and  
Canton, Ohio.

The Inter Ocean has secured this  
work, which makes a good-sized octa-  
vo volume, 6 1/2 x 10 1/4 inches, containing  
nearly 600 pages of matter, and finely  
illustrated with nearly 200 copper-  
plate pictures, all printed on the best  
book paper and bound in a most sub-  
stantial manner in a finely illustrated  
embossed cover of cloth.

As stated above, we had several  
memorial volumes presented to us,  
and made the selection of this one  
from the entire list. It is the deter-  
mination of this paper to give its  
readers the best the market affords.

We have made arrangements with  
The Inter Ocean to club the same  
with our paper, and the volume can  
be secured by our readers, in addition  
to the clubbing rate, at the nominal  
price of 75 cents, and 22 cents addi-  
tional for postage. The volume will  
sell in any bookstore readily for \$1.50  
a copy.

Send us your order at once, before  
the edition is exhausted.

## NEW LYCEUM COURSE.

That the readers of THE CITIZEN  
may know that a Lyceum Course is  
being provided for the people of Be-  
rea and vicinity, as in recent years,  
the names and dates of entertainers  
are given thus early in the year. It  
will be observed that four of the five  
coming during the winter term, and the  
other very early in the spring term.  
All but one are new to this place, and  
no apology is needed for opening the  
course with so charming an enter-  
tainer as Mrs. Beecher. Nights have  
been secured which do not conflict  
with other important gatherings. It  
is hoped that our friends will avoid  
making other appointments for these  
dates. The following is the schedule:

Sat., Dec. 14—Mrs. Isabel Garghill  
Beecher.

Sat., Jan. 11—Hon. Wm. H. Sand-  
ers.

Mon., Feb. 10—Miss Katharine  
Eggleston.

Wed., Feb. 26—Reno B. Welbourn.

Sat., Mar. 22—Ralph Parlette.

The first of the above, though not  
in perfect voice when here before, was  
adjudged one of the most entertain-  
ing readers who ever visited Berea.

The second is recommended as  
giving a lecture full of grand thoughts  
and delivered with wonderful elo-  
quence.

The third is a reader who captivates  
her audiences, wherever she goes.

The fourth has gained a national  
reputation for his discoveries in wire-  
less telegraphy and his popular  
illustration of it.

The fifth is a humorist of humorists.  
His lectures contain nuggets of the  
solid gold of practical wisdom, but  
they sparkle with wit and fun and  
satire.

Single admission to each enter-  
tainment 25 cents, season tickets  
\$1.00. Children under 12 years, 15  
cents and 60 cents.
